

[Verse 1]

One baby to another says, "I'm lucky to've met you"

I don't care what you think unless it is about me

It is now my duty to completely drain you

I travel through a tube and end up in your infection

[Chorus]

Chew your meat for you, pass it back and forth

In a passionate kiss from my mouth to yours

I like you

[Verse 2]

With eyes so dilated, I've become your pupil

You taught me everything about a poison apple

The water is so yellow, I'm a healthy student

Indebted and so grateful, vacuum out the fluids

[Chorus]

Chew your meat for you, pass it back and forth

In a passionate kiss from my mouth to yours

I like you

[Interlude]

You, you, you

You, you

Ahh!
